Dear Mr. Watson:

The Chicago Park District has had the pleasure of using EcoTraction each winter since 2009. It's been an excellent choice toward ensuring safety of pedestrians, without the expensive damage caused by alternative choices. Sweeping remainders into lawns and gardens is also beneficial for growth and keeping our replacement costs down.

EcoTraction helps meet our safety concerns without damage to concrete and other infrastructure, thereby saving money. We particularly value that it actually benefits lawns and gardens.

We welcome a continued relationship with Earth Innovations and wish you the best of luck with your products.

Sincerely,

Karen E. Szyjka
Operations Support Manager
Department of Natural Resources
